2:00 – 3:00pm (60 min)	Requiem for Metronidazole: The 2017 Update for the IDSA/SHEA Clinical Practice Guidelines on <i>C. difficile</i> Treatment Kevin McConneghy, Pharm.D., M.S., BCPS	
3:00pm	Wrap-Up & Closing Remarks	

Presented by the New Hampshire Society of Health-System Pharmacists

Monday, October 8th, 2018

The Puritan Restaurant, 245 Hooksett Road Manchester, NH 03104

Objectives

<u>Legal Intoxication: What Prescriptions are Being</u> Abused Now?

For Pharmacists:

- 1. Define the potential for abuse due to the mechanism of action of prescription medications. 2. List methods to potentially decrease the risk of illicit prescription medication abuse. 3. Describe whether a patient is at risk of medication abuse and/or abusing prescription medications. *For Technicians:*
- 1. Identify medications with potential for abuse that are not commonly thought to be abused. 2. Describe ability to abuse medications due to mechanism of action of medication. 3. Identify patient regimens that may need alteration, to prevent potential abuse of medications

Pharmacological Management of Acute Opioid Withdrawal in the Inpatient Setting

For Pharmacists & Technicians:

1. Recognize the use of the Clinical Opioid Withdrawal Scale (COWS) as applied to a patient case. 2. Discuss the benefits of utilizing opioid agonists for treatment of opioid withdrawal. 3. Identify non-opioid medications that can be used to manage opioid withdrawal symptoms.

Oral and Emergency Contraceptives- A Comprehensive Review

For Pharmacists & Technicians:

1. Describe the mechanism of action, drug interactions, contraindications, side effects, health benefits and health risks, and advantages and disadvantages of combination oral contraceptive pills (OCPs). 2. Recognize a patient's OCP therapy based on pharmacologic properties of therapy and patient specific characteristics 3. Identify if a patient is a candidate for OCPs or emergency contraception and provide patient counseling focusing on maximizing efficacy, minimizing toxicity and ensuring patient compliance. 4. Describe treatment plans based on patient case scenarios for OCPs based on clinical presentation

There Seems to be a Mistake with My Prescription! For Pharmacists & Technicians:

1. Identify methodologies and techniques leading to more effective and efficient communication when a pharmacy receives a report of a medication error from patients, staff or boards of pharmacy. 2. Recall common mistakes to avoid when responding to a medication error. 3. Discuss appropriate responses to possible medication error scenarios using the established guidelines. 4. Identify the steps in a Continuous Quality Improvement (CQI) program

Requiem for Metronidazole: The 2017 Update for the IDSA/SHEA Clinical Practice Guidelines on *C. difficile* Treatment

Pharmacist objectives:

1. Recall the current treatment paradigm for C. difficile infections. 2. Explain what changes in treatment and diagnosis occurred in the 2017 update. 3. Describe evidence-based recommendations for first and recurrent infections

Technician objectives:

1. List the primary pharmacotherapies used for C. difficile infections. 2. Identify C. difficile therapy changes in the 2017 practice update. 3. Describe first-line treatment options for C. difficile infections.

To Register:

Please complete registration form online by <u>Monday, September 24th</u>, <u>2018</u> at <u>http://www.nhshp.org</u> or by mail with check payable to NHSHP to: **NHSHP c/o Linda Horton, Treasurer** PO Box 544 Holderness, NH 03245

Pharmacist Members	\$60
Pharmacist Non-Members*	\$100
Pharmacy Technicians Members	\$40
Pharmacy Technician Non-Members*	\$60
Student Member	\$30
Student Non-Member *	\$40
Total enclosed \$	

*Registration fee for non-members includes membership for the remainder of 2018 and therefore includes our November program

For advance registration pricing, registration and payment must be received by: <u>Monday, September 24, 2018.</u> Please print your name clearly:

Full Name	NABP Number and DOB (MM/DD)
Home Address	
Home Phone	Cell Phone

Email (Required in Order to Receive Handouts and CE Evaluation Forms)

Attendance is limited to 200 people. Registrants who cancel prior to the program date are subject to a \$10 administration fee. No refunds will be issued to registrants who do not attend.

ACCREDITATION INFORMATION

UNE UNIVERSITY OF NEW ENGLAND

The University of New England is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This program will provide 5 contact hours (0.5 CEU's) of Continuing Pharmacy Education credits for completion of this knowledge based activity. Attendance and completion of the program evaluations are required for statements of credit. Attendees must complete a Program Evaluation Form after each presentation. CPE credits will be posted on the CPE Monitor using your NABP# within 30 days of the program.
